READING NEWSLETTER

OCTOBER 2022

Library

Each class visits our school library weekly. We are thrilled to see our children enjoying reading the extensive range of engaging, high-quality texts that we have in our library.

Not long before the summer holidays, the school kindly received a donation of the latest Marcus Rashford Book, 'The Breakfast Club Adventures'. We have lots of copies available in our library - it is proving a very popular read!

During their library time, children choose a book of their own choice to take home to read.

Please encourage your child to bring both their library and home/school reading book to school each day so that they can be changed regularly.

When should we read at home?

Reading together with your child just for ten minutes a day makes a huge difference! Reading can mean sharing picture books, non-fiction books, stories, rhymes, comics, magazines, recipes anything and everything! Bedtime can be the perfect time to read together. It can help create a routine and make going to bed something your child looks forward to. It can be a special time for parent/carer to share together at the end of a busy day!

Bug Club

At Cavendish, we supplement our reading books in school with an exciting scheme called Bug Club. We also purchase the online subscription so children can enjoy accessing a fabulous choice of engaging eBooks at home too!

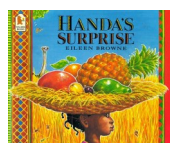

Your child's class teacher has assigned the relevant book band level to your child. Please look out for your child's log in details coming home – they will be on a label placed inside their reading record.

Recommended Reads

Early Years and KS1: Handa's Surprise by Eileen Browne

This is an exciting tale about a young girl, called Handa, who fills her basket

with seven delicious fruits—one for each of her friends. But as she walks with the basket balanced on her head, she is unaware of the crafty animals intent on stealing her fruits! The beautiful illustrations really bring this lovely story to life!

KS2: Wonder by R.J.Palacio

Wonder is a thought-provoking story which really makes us appreciate that it is our differences that make us special and unique. The story is about a 10 year old boy, Auggie, who was born with severe facial difference and his journey settling into school life. Full of heart and truth, this is a book about seeing the beauty that is all around.
