

Year 1

Summer Term Suggested Homework Projects

Science <i>Plants</i>	History <i>How have explorers changed the world?</i>	RE <i>Judaism - Shabbat</i>	PSHE <i>Being my best</i>
<p>The children could go for a walk to a local area and see if they can spot any deciduous or evergreen plants around them. How do they know? They can draw and label their favourite plants.</p> 	<p>The children could research about a famous explorer and create a fact file about the things they have discovered.</p> 	<p>Can the children find out some key facts about Shabbat? The children can draw pictures and write down key words or do some research and write down what they find.</p> 	<p>Can the children create a poster of what they could do to be their best or write sentences about it using capital letter, finger spaces and a full stop?</p> 
Computing <i>IData</i>	DT <i>Healthy smoothies</i>	Music <i>Exploring sounds</i>	
<p>The children can copy and paste images of their favourite things and save it onto a word document or take photographs on an iPad and add different effects.</p> 	<p>The children can investigate what is a fruit or a vegetable. Create a poster of what is healthy and unhealthy or the children can describe healthy fruits and veg using adjectives.</p> 	<p>Can the children make different sounds using different household equipment? Can they put the sounds together to make a unique piece of music?</p>
